A final reflective assignment is included.</p> <p>Each certification includes:</p> <ul style="list-style-type: none"> • 2-16 hours of live instruction (depending on the certification) • 1 or more dynamic and engaging Coach • 2 or more engaging activities and discussions² • 1 thinking and inquiry reflection assignment²
	<p>¹A rubric based on the 2018 Cooperative Education Curriculum has been created for some Online Certifications.</p> <p>²All assignments are created by Ontario certified teachers and meet expectations of the Ministry of Education Ontario guidelines on assessment and evaluation.</p>			

TEACHER-DIRECTED

Starting at \$40/student

Learning modules and content are available in the UEE virtual learning platform.

One login is created with your email address. All students use the same login to view certification content.

SELF-DIRECTED

Starting at \$40/student

Learning modules and content are available on our virtual learning platform.

You and every student receive their own login.

INSTRUCTOR-DIRECTED

Starting at \$650/class

Learning modules and content are available on our virtual learning platform.

You and every student receive their own login.

LIVE DELIVERY

Starting at \$850/class

All materials and resources are provided in electronic format; therefore, all students require a computer.

Virtual format:

- Delivered in the webinar software approved by your school board provided it allows for break-out rooms. We are familiar with Google Meet, Microsoft Teams, Zoom, Webex, and other platforms.

In-person format:

- Follow COVID-19 safety recommendations.
- Delivered at your school.

Hybrid format:

- Follow COVID-19 safety recommendations
- Delivered on site at your school using the webinar software approved by your school board.

You select the start date, end date and gain access to the certification content for as long as needed throughout the school year.

You plan how to deliver the certification modules based on your teaching demands and schedule. A Teacher Planning Guide is available to use to provide the approximate times each activity will take for students to complete.

We estimate that completion time is between 90-120 minutes for the majority of our online certifications. The estimated completion time for Innovation, Creativity and Entrepreneurship and Safety Awareness & Injury Identification is between 4-6 hours.

Completion time depends greatly on the amount of effort students put into their assignments and does not include their time in virtual help.

You choose the start and end dates. Each student works at their own pace to complete modules and assignments.

We estimate that completion time is between 90-120 minutes for the majority of our online certifications. The estimated completion time for Innovation, Creativity and Entrepreneurship and Safety Awareness & Injury Identification is between 4-6 hours.

Completion time depends greatly on the amount of effort students put into their assignments and does not include their time in virtual help.

You choose the start and end dates for your students to work through the certification. Your students will receive a customized schedule based on the live virtual workshop dates.

Please allow for 2-4 weeks preparation and development when booking.

We estimate that the completion time for Innovation, Creativity and Entrepreneurship and Safety Awareness & Injury Identification is between 4-6 hours.

Completion time depends greatly on the amount of effort students put into their assignments and does not include their time in virtual help. It is also dependent on the type of certification being delivered.

You select the date and time that works best for you, your students and schedule.

Please allow for 2-4 weeks preparation and development when booking.

Completion time is dependent on the certification selected, and once students complete the live workshop, we estimate it will take them an additional 30 minutes to complete their final reflection.

How do students receive certificates?

You notify us once students have met all the requirements that you have defined for your students. Simply send the student names to us. We will email you an electronic certificate of completion for each student (upon full payment). Teacher distributes certificates.

Students receive an electronic certificate of completion once all requirements are met. Upon full payment, certificates are sent directly to students.

Students receive an electronic certificate of completion once all requirements are met. Upon full payment, certificates are sent directly to students.

You send us your student names and we will create an electronic certificate of completion for each student (upon full payment). You will be able to distribute certificates to your students.
